

A detailed technical line drawing of a truck chassis with a semi-trailer. The drawing shows the front cab, engine compartment, and the rear axle assembly. The semi-trailer is represented by a large rectangular box with horizontal lines. The chassis includes the front suspension, steering knuckle, and the rear axle with a differential. The drawing is oriented horizontally, showing the side profile of the vehicle.

A technical line drawing of a truck chassis, viewed from the side. The chassis includes a long flatbed trailer, a central cab, and a front engine compartment. A yellow silhouette of a car is positioned at the front of the chassis to provide a sense of scale. The drawing is annotated with dimension lines and numerical values: 0.11 at the rear, 0.17 at the middle, and 0.13 at the front. The entire drawing is rendered in black lines on a white background.
